

Dear Industry/Sponsor Partners,

We are delighted to inform you that the **9th International BioBrillouin Conference** will take place in Berlin, at Harnack House, the Conference Venue of the Max Planck Society.

The event will once again offer an excellent opportunity to share the latest advances, findings and innovations in the field of BioBrillouin, and to connect with colleagues, experts and leading scientists from around the world.

We invite you to support this still young and emerging field by partnering with us as a sponsor, and by helping connect cutting-edge science with its future users and advocates.

SPONSORSHIP | EXHIBITION PACKAGES

PLATINUM
